

Reach communication ¹⁾

Dear Customer,

Simco (Nederland) B.V. is aware of the effects and implications of the European Union Regulation on the Registration, Evaluation and Authorization of Chemicals (Reach).

The effects we consider are on both sides; upstream and downstream in the supply chain.

For this we have appointed a responsible person:

B.W. Bel
Technical Support & Quality Manager
b.bel@simco.nl
Direct Tel. +31 (0)573 288330
Direct Fax. +31 (0)573 288367.

We have taken care about actions to (pre-) register substances, preparations or articles in accordance to article 3 of the REACH regulation, by our own or through our suppliers when it is needed for the Reach regulation.

When there are substances which will not be pre-registered we will take the appropriate actions to replace it with a substance which will be pre-registered to be able to supply our customers with the high quality products we use to deliver.

More information on REACH can be found at <http://echa.europa.eu/>.

Regards,

Th. Hesselink
Managing director

B.W. Bel
Reach Coordinator

15 September 2008
